WORK EXPERIENCE

Freight & Order-Picker Operator

HomeDepot - Freight Dept.   2022-2023

- Proficient in operating order picker, to retrieve heavy merchandise from elevated storage areas.
- Demonstrated a strong focus on safety protocols, ensuring the secure handling and transportation of goods throughout the facility.
- Maintained a high level of accuracy in selecting and delivering merchandise, minimizing errors and optimizing workflow efficiency.
- Developed exceptional organizational and time management skills, effectively coordinating with team members to meet strict deadlines.
- Prioritized attention to detail, consistently selecting the correct merchandise and accurately documenting inventory transactions.
- Adapted quickly to a dynamic work environment, remaining flexible and responsive to changing priorities and operational needs.

Graphic Designer

Freelance   2021-2023

- Created professional and visually appealing logos and designs for a diverse range of clients, including friends and acquaintances.
- Demonstrated a keen eye for aesthetics and a strong understanding of design principles to develop impactful visual identities.
- Utilized industry-standard design software (e.g., Adobe Creative Suite) to execute design projects with precision and creativity.
- Collaborated closely with clients to understand their vision, incorporating feedback to deliver custom-made designs that exceeded expectations.
- Edited short videos, enhancing their visual appeal and storytelling by utilizing video editing software and implementing relevant effects.
- Managed multiple projects simultaneously, meeting deadlines and maintaining clear communication with clients to ensure their satisfaction.

Data Management - intern

Albert Lea City Hall   2020-2021

- Supported data management initiatives as an intern at City Hall, focusing on organizing and digitizing old records for enhanced accessibility and efficiency.
- Utilized scanning equipment to convert physical documents into digital formats, ensuring accuracy and proper preservation of information.
- Employed effective organizational skills to categorize and sort scanned pages into appropriate folders, facilitating easy retrieval and reference.
- Assisted in maintaining data integrity by ensuring proper naming conventions and file structures, contributing to streamlined document management processes.

About Me

I'm deeply passionate about web development, creating digital experiences that seamlessly blend creativity and technical proficiency. Leveraging a solid foundation in CSS, JavaScript, and React, I excel in delivering visually compelling websites and relish problem-solving opportunities. Dedicated to staying current with industry trends and technologies, I infuse each project with fresh ideas and innovative solutions.
